

SafeShoot is starting up the 'NYS Concealed Carry Firearm Safety 18 hr Training'. This includes 2 hrs of 'Live-Fire' training. The curriculum has been designed in four separate modules each 4.5 hrs in length. The classes will be available during the day, evenings and on weekends. Each class module is separate and complete so you can arrange classes to fit your schedule. We will also be offering full day classes which will cover two modules in the same day. The modules are:

- *Review of Basic Firearm Skills
- *Concealed Carry Skills-Live Fire Training & Proficiency Assessment
- *Law (eg. Safe storage requirements, State & Federal laws, restricted places, etc.)
- *Behavioral Module (eg. Conflict de-escalation, conflict management, law enforcement, etc.)

In order to take the 'Live-Fire' training class you will need to complete the 'Basic Firearms Skills' first. You will receive a certificate for each completed class and a certificate for the entire course to submit with your permit application.

The cost of the entire course, including classroom, materials, training, firearms, ammunition and the firing range is \$299.00. We will give credit for classes already completed at SafeShoot.

If you had already completed the the Basic Pistol Course at SafeShoot, your cost will be reduced to \$239.00.

If you completed the Live Fire Course at SafeShoot, your cost will be reduced to \$199.00.

If you completed both the Basic Pistol Course and the Live Fire Class at SafeShoot, your cost will be reduced to \$150.00.

We appreciate your patience while we were setting up the curriculum. Attached is the startup schedule. After October 14th all new class dates will be listed at safeshootny.com

Thank you,
SafeShoot Team
